UI/UX Designer with skills in Product design, UCD, HTML, CSS, Figma, Prototyping, and Front-end Development. I thrive on creating delightful and user-centric digital experiences that leave a lasting impact. My journey in the world of design has been driven by my curiosity and the desire to craft visually appealing and intuitive interfaces.

EXPERIENCE

UI/UX Design Intern

Kathmandu

Thamel.com

Apr, 2023 - Present

- Creating captivating and user-centric interfaces.
- Prototyping in Figma and responsive design.
- Website maintenance by adding and updating products, ensuring a smooth and engaging e-commerce experience for customers.
- Monitoring and managing admin dashboards, ensuring smooth operations and streamlined workflows.
- Took on diverse responsibilities, including managing email campaigns, calling leads, and handling admin tasks.
